

Standard 4 Objective 2 Science Words

Copy and find the following definitions.

1. adhesion: The ability of water molecules to be attracted to other substances.
2. cohesion: Water molecules will stick to other water molecules.
3. density
4. biotic (green book pg. 5)
5. abiotic (green book pg. 5)
6. ecosystem
7. water quality: Water's physical, chemical, biological and aesthetic (appearance and smell) characteristics. A healthy environment is one in which the water quality supports a rich and varied community of organisms and protects public health.
